- Downloaded and distributed reports to the safety team
- Organized and reviewed verification documents for TPSS, COMMS, and Segment C design conformance checklists

## RELEVANT AND RELATED EXPERIENCE

### Valley Metro South Central Extension, Phoenix, AZ

2019 - Present

The South Central Extension/Downtown Hub is a \$1.35 billion light rail project that will provide a 5.5-mile extension of Valley Metro's existing regional light rail system into South Phoenix. The project kicked off in 2018 with construction beginning in October, 2019.

Soteria is teaming with PGH Wong Engineering, Inc., and will provide Systems Design Services, Project Safety and Security analysis and report, and a Systemwide RAMS analysis.

#### **Ms. Saker's Role:** Document Control and Safety Checklist Support

Tracks, organizes and distributes documents and references. Verifies items for safety checklists, manuals, drawings and submittal lists.

### LAX Automated People Mover Project

2019 - Present

The Los Angeles International Airport (LAX) Automated People Mover (APM) is a major component of the Landside Access Modernization Program (LAMP). The APM Project will provide an elevated guideway with an at-grade Maintenance and Storage Facility and six stations, connecting to CTA passenger terminals through a network of elevated pedestrian walkways and a vehicle system. The APM Project also includes procurement of the Bombardier INNOVIA APM vehicle, along with operating systems and infrastructure to support the system.

In the role of subcontractor to LAX Integrated Express Solutions (LINXS), Soteria has an extensive role in ensuring system safety. Among other roles, Soteria is managing the System Safety Program Plan, additional Safety Plans, performing Threat and Vulnerability Assessment, and managing Certification.

**Ms. Saker's Role:** Document Control and Safety Checklist Support

Tracks, organizes and distributes documents and references. Verifies items for safety checklists, manuals, drawings and submittal lists.

**Metro Crenshaw/LAX Transit Corridor Project, Los Angeles, CA**

2019 – Present

The Metro Crenshaw/LAX Transit Corridor project is an 8.5-mile light rail line that will run between the Expo Line on Exposition Boulevard and the METRO Green Line. Soteria Company is leading the system safety, security and assurance planning, analysis and certification for all phases of the safety and security certification process, through design and construction and startup. Soteria is also responsible for the reliability and maintainability planning, analysis and demonstration program.

**Ms. Saker's Role:** Document Control and Safety Checklist Support

Tracks, organizes and distributes documents and references. Verifies items for safety checklists, manuals, drawings and submittal lists.
